SECTION 1008

CITY OF MERIDIAN STORMWATER MANAGEMENT PROGRAM

PART 1 GENERAL

1.1 SECTION INCLUDES

- A. The City of Meridian reviews, inspects and approves storm water management plans and erosion sediment control plans where the City is classified as an owner or operator by the Environmental Protection Agency's National Pollutant Discharge Elimination System Permit Program.
- B. The City has adopted, in general, the standards and requirements of The City of Meridian Construction Storm Water Management Program For Public Works Construction Projects Policy Manual (CSWMP); Section 8300, *Construction Discharge Control Program*, of the Ada County Highway District Development Policy Manual adopted on January 25, 2017; and the *Catalog of Storm Water Best Management Practices, 2020* and subsequent revisions, as prepared by State of Idaho Department of Environmental Quality.
